TECHNICAL SKILLS

C#, .NET

EF Core

PostgreSQL

JavaScript

React, Next.js

Git, GitHub

HTML, CSS

EDUCATION

CERTIFICATE - SOFTWARE DEVELOPMENT

Nashville Software School,
Nashville, TN

May 2025 - Nov 2025

MASTER BARBER LICENSE

Barber College of South
Central KY, Bowling Green, KY

Nov 2019 - Jan 2021

PROJECTS

NEXTUP - FULL STACK CAPSTONE - OCT 2025

Next.js, C#, EF core, PostgreSQL

NextUp- Frontend

NextUp- API

- Engineered a youth football management platform with JWT authentication serving player, coach, and athletic director roles across 15+ REST API endpoints
- Developed stat tracking system for 20+ positions with automated aggregation, completion percentage calculations, and visual performance dashboards displaying season and game metrics
- Built features for team management, game scheduling, opponent scouting, and goal tracking with role-based access control and optimized data handling

ANIDEX - FRONT END CAPSTONE - AUG 2025

React, JSON, HTML, CSS

[AniDex Project Link](#)

- Built a wildlife documentation platform enabling users to catalog animal sightings across 8 species and 4 Tennessee regions with detailed scientific information
- Implemented dynamic filtering logic that adjusts available animals based on region and category selections, streamlining the logging workflow
- Engineered a personalized collection system with full CRUD functionality for managing sighting history and observation notes through a game-inspired interface

PROFESSIONAL EXPERIENCE

AI DEVELOPMENT APPRENTICE

Code Campfire, Remote

May 2025- PRESENT

- Collaborate with cross-functional development teams in simulated professional workflows, gaining hands-on experience with industry-standard practices and team dynamics
- Participate in weekly technical deep-dives covering advanced software development topics, enhancing proficiency in modern technologies and development methodologies
- Contribute to group projects under the mentorship of mid-level and senior developers, receiving code reviews and technical guidance to refine software engineering skills

FULL STACK SOFTWARE DEVELOPER APPRENTICE

Nashville Software School, Remote

May 2025- OCT 2025

- Hands on application of OOP fundamentals through group and individual projects reflecting real world business problems
- Source code version control and project management with Git/GitHub
- JavaScript fundamentals leveraging DRY, modular, readable code and reusable components
- Built browser-based single page applications using React, HTML, and CSS
- Application design through white boarding dependencies and building ERD's
- Created and modified database design/content using SQL, ASP.NET, and ORM tooling, including exposure and experience with migrations
- Created RESTful APIs with C#/.NET using WebAPI

MASTER BARBER

Southern Barber, Portland, Tennessee

Jan 2021 - PRESENT

- Thrived in a fast-paced environment by managing time effectively and maintaining high-quality services under pressure
- Continuous learning to keep up with current trends and performed bespoke services for clients to ensure customer satisfaction
- Work around the clock gathering and managing a client list and scheduling

KITCHEN MANAGER

White House Pizza & Pub, White House, Tennessee

July 2020 - Jan 2021

- Took inventory for the back of house and managed the schedule for cooks
- Cut down wait times for customers while making sure meals were made correctly
- Ensured sanitation guidelines were being met

COOK

Sep 2017 - July 2020

- Worked on a cookline, ensuring meals were made properly and in a timely manner
- Helped close the store by cleaning to sanitation standards
